Admitting that they were beligerents on the land, they were never beligerents on the ocean. But what right had we to traw any such distinctions? What we saw thereof in severally, and for such other learly was a great conflict on the other of side of the Atlantic, which affected ever elation of British commerce with the uthern States, and was extended over the scean and close up to our own water by the President's proclamation of block ade, under which British shaps alleged to meditate the breaking of the blockade co'd nto American ports. If, as we confidently were it not so, it would be absurd to arguthe blockade running and so lengthened the war. Blockade running is not legalized by the Queen's proclamation; on the contrary, it is expressly prohibited, and those guilty of it and the other offences enumerated are told that they will do 'at their peril and of their own wrong, and will in no wise obtain protection from us against any habilities or penal consequences, but will, on the conrary, incur our high displeasure by such conduct." The whole tenor of the precla-mation is prohibition, and it is difficult to inderstand how it can be accused of same doning, much less of causing, the very accu-igainst which it was directed.
